Keep Safe, keep smiling and we hope to see you soon.

TRANSPORT

Design / English

Design a new mode of transport and then create an information leaflet all about it. Think about how it works. what it looks like and safety procedures whilst on board. What destinations does the vehicle travel to and how long is travel time?

History: From Horse-Drawn Cart to Jumbo Jet

Can you name at least 10 different modes of transport?

What do they run on? Petrol, electric? Man power?

Create a poster to show your findings. Include pictures, drawings, a title, facts.

Art

Draw or paint a picture of a mode of transport. Try to make the background super colourful like this example. (You could eve use chalk outside)

ART - Creativity in the Underground Many of the London Underground tube stations have their own unique, tiled designs. Can you think of your own London Underground tube station name and create a tile design to accompany it. You could simply draw the design using crayons, felt tips or paint. Or you could represent the design in the form of a collage, cutting

out their own tiles of paper, newspaper, magazines, cardboard, or whatever you have access to at home.

P.E- Faster Than a Speeding Bullet...Train

The Shanghai Maglev, also known as Shanghai Transrapid, is currently the fastest train in the world, running between Shanghai and Beijing in China. Can you be just as speedy and complete the following 5 activities as fast as possible: Star jumps, tuck jumps, press-ups, squats and lunges. Record how many repetitions of each activity you can perform in 1 minute. Can you beat your personal best? Can you record your heart rate (beats per minute) after each activity.

Science: BRILLIANT BOATS

Use tinfoil to create a simple boat design.

Try testing it by seeing how many coins it will hold.

- What shape makes the best boat?
- Don't forget to recycle the tinfoil after using it!

Maths – How busy is your street?

Survey the transport which goes past your home. Tally the different vehicles/vehicle colours and then create a bar chart. Write statements about the data e.g. Silver was the most popular colour car.

Maths / Geography

Draw an aerial map of your house to a location of choice (this could be school, the shops, the park etc). Write a write a set of directions following your map using positional language.

(left, right, forwards, turn 90° etc)

www.topmarks.co.uk/maths-games/hit-the-button

Read regularly. Enjoy your books at home and find free e-reading book at www.oxfordowl.co.uk

Don't Forget

Practise your times tables – Timetable Rock Stars

www.ttrockstars.com

Go to the Ruth Miskin You Tube page and watch daily phonics sessions.

Fabulous daily lessons for all year groups are being posted daily on the BBC Bitesize website

www.bbc.co.uk/bitesize/dailylessons

Practise spelling the Year 1/2 common exception words. Can you spell them all now?

History – Significant People

Who were the Wright Brothers? What did Henry Ford invent (where and when)? What was George Stephenson famous for inventing? What train was built in Doncaster? Can you name any other famous transport inventors?

Design **Technology**

Choose a mode of transport and make it out of recycled materials.

Remember to post pictures of your work onto your Class Dojo Portfolio if you can. Staff at Waverley would love to see your effort.
